### Rémy Martin XO Cognac Chinese New Year

The golden décor depicting vines, distillery barrels, copper stills and clocks — a nod to the time spent distilling exceptional cognacs — on Rémy Martin's limited-edition XO Cognac celebrates the brand's heritage. The decoration, a complex project due to the bottle's shape, is by French specialist **Bernadet**. This marks Bernadet's second collaboration with Rémy Martin on a limited-edition XO Cognac for Lunar New year
